

DHAIRY DOBARIYA

Backend Developer

@ dhairydobariya@gmail.com (+91) 8511623428 in linkedin.com/dhairy-dobariya github.com/dhairydobariya

📍 Surat, Gujarat, India 📁 Portfolio

EXPERIENCE

Backend Developer

Swiftrut Technologies

📅 Jul 2024 – feb 2025

- **Tech Stack:** JavaScript, Node.js, Docker, Redis
- Transitioned to full-stack development, managing society and hospital management systems.
- Led a team to build and deploy backend applications while enhancing Backend expertise and English communication.

PROJECTS

Patient Management System

last company project

📅 Jul 2024 – Nov 2024

- Developed a **Patient Management System (PMS)** using **Node.js** with **Redis** for caching.
- Integrated **real-time chat** between doctors and patients.

Task Management System

Self-Learning Project

📅 Jun 2024

- Implemented CSV-based task management with import/export functionality, validation, and error handling.
- Optimized task filtering, sorting, and pagination for efficient data management.

Expense Tracker App

Self-Learning Project

📅 Aug 2024

- **Built an Expense Tracker API** with JWT authentication, role-based access, CSV uploads and advanced expense management.
- **Implemented advanced filtering, pagination, and analytics** for tracking and categorizing expenses efficiently

Admin Panel

Self-Learning Project

📅 Aug 2024

- Built an Admin Panel where CRUD operations were performed through an EJS UI.
- Implemented role-based access for different users to manage and manipulate data through the UI efficiently.

EDUCATION

Bachelor of Computer Applications (BCA)

SSIU GandhiNagar

📅 July 2022 – 2025 CGPA:8.5 (sy)

Class XII

Matrix Global School (Class XII)

📅 June 2022 81.60%

Class X

Matrix Global School (Class X)

📅 June 2020 59.78%

SKILLS

Html

css

tailwind

C/C++

JavaScript

Node.js

Express.js

SQL/NoSQL

MongoDB

Redis

Docker

Github

JWT Authentication

API Development

CERTIFICATE

- Backend Development Course - Red and White Multimedia Education
- Personality Development - Red and White
- CCC Course - Government of India

CODING PROFILES

- Github : dhairydobariya
- LeetCode : Dhairy007 (recently started)

ACHIEVEMENTS

- Winner of the "Design War" event organized by Red and White.
- Contributed to open-source backend projects on GitHub.
- Lead Backend Developer for a Patient Management System
